

CHAIN STOPPERS

Dual Pawl Chain Stoppers for Spread Mooring Systems:

- The stoppers will withstand the breaking strength of chain per class society rules.
- We offer customized designs for vertical or horizontal chain leads.
- The cast alloy steel chain pawls have pockets sized for the mooring chain.
- The pawls are fitted with hydraulic cylinders defaulting to the closed position.
- Our vertical stoppers can be fitted with turndown sheaves.
- The horizontal stoppers are furnished with outboard Bellmouth Chocks.
- Load Monitoring Systems are available for all stoppers.
